Dear Partner

RE: INTERNATIONAL ALBINISM AWARENESS DAY PARTNERSHIP REQUEST

I write to you on behalf of the Albinism Dare to Dream Initiative-ADDI (Zimbabwe), an organization that is dedicated to raising awareness on Albinism, fighting stigma and discrimination and fostering inclusion and participation of persons with Albinism in the mainstream social and economic activities of the communities they live in.

In partnership with the Stephen Margolis Resort , Albinism Dare to Dream Initiative-ADDI is excited to present to you the International albinism awareness day -cum fundraiser , an event that was created in 2015 by the United Nations to end the abuse of people with albinism . This past decade was one marked by a collective commitment to raise awareness on albinism issues every 13 June of the year across the globe.

The Albinism Dare to Dream Initiative-ADDI in collaboration with its partners ,rallied together to advance a shared vision to end albinism abuse , deaths and stigmatization .

The Albinism Dare to Dream Initiative-ADDI in partnership with the Stephen Margolis Resort will be hosting the international albinism awareness day under the theme **"10 years of IAAD :a decade of collective progress "** .The event will be held on 15 June 2024 at the Stephen Margolis Resort in Waterfalls Harare .

We therefore invite you to partner with us by sponsoring any of the items on our provided budget list .As a proud partner, you will be able to identify with a powerful social cause, one that is actively and successfully addressing one of the world's longest standing social injustices. Your support will be a major contributing factor to the success of this event and will go a long way in helping to make a real difference in the lives of people with albinism, their families, their communities and society in general. It is our hope to start the journey of building the Albinism Dare to Dream Initiative-ADDI Centre where skin cancer patients with albinism outside Harare will be staying whilst receiving their their treatment. We will be utilizing the Centre to do some projects for the ongoing of our programs .

It will be such a huge privilege to have you with us on this special day so as to share our journey of progress and future plans.

We look forward to a positive response from you soon so as to plan accordingly .

Yours Faithfully

Brenda Mudzimu (Executive Director)
