A dream come true

I had a childhood dream to excel and be known.I yearned for it ,praying and fasting for a miracle .

During exams , faced challenging questions.But I persevered ,trusting God's help .My hard work paid off.

.Two weeks later,results arrived.My hands trembled as I opened my opened, revealing excellent grades and the top position!! screamed with joy ,overwhelmed My dream had finally come true.

This experience taught me valuable lessons Dreams take time,and obstacles are opportunities for growth.Never give up,even when faced with challenges.Keep faith, work hard and persevere.Your dream will unfold Just like mine did."
