

A Dream come true

I once had a dream true to play soccer for Zimbabwe at the Olympics. Today that dream came true.

I have always been a great soccer player, but playing at the Olympics seemed a fantasy. In 2024, I was selected to go to Paris, France, to play soccer with Zimbabwe - It was my destiny. I was selected to start. It was Zimbabwe versus Japan. The sixty-fourth minute came and the ball rolled to me. I went past one player, another and another and struck the ball as hard as possible. My heart skipped a beat as I watched the ball spinning going 60 kilometres per-hour and I scored. I was so overwhelmed with joy because my dream had come true.
