

A DREAM COME TRUE

A fulfilled dream is a dream come true. It all came true when I was gifted with a cat.

The name of my dream cat is Senior Cutey. I got her on the twenty first of February, on my birthday. She lives in her lovely and customed cattery. Senior Cutey is now 6 months old.

Its color is pitch black and her claws are sharp, long and curved. Senior Cutey has soft pads with fluffy, gentle and thin fur. She has amethyst eyes which contrasts with her white fur.

I feed Senior Cutey thrice a day and she is used to it. In the morning, she is fond of milk and at night I give her special cat food from the pet store. When she wants water, it laps it up. She likes to stray away from home, but I know that she will find her way home. I love Senior Cutey because she is amicable, loyal and flawless.

I never thought that dreams come true, but all dreams can come true for you and me. That's a lesson leant.
