

## A Magical Parade

Come on a journey with me as I tell you the enchanting story that happens once a year in the Star Kingdom. Shhh...promise not to tell because this is our little secret, only special people were invited to this event.

The royal family were celebrating the prince's birthday.

When guests arrived, they were amazed seeing endless displays of scrumptious treats as far as the eye could see.

After dinner everyone went outside to watch the magical parade. There were soldiers, dancers and fairies all over. Suddenly, a flying chariot took the royal family to the fireworks show.

The fireworks were magnificent and jaw dropping, everyone was clapping and cheering, it was such a magical experience!
