The Adventure I never Expected

One Sunday morning, I was so bored, then my mum said we are going camping. I was so excited. I went to my room and started packing my clothes. When I finished, I went to the car. After thirty minutes, we were at the camp site. We set up the tents, after we finished, my mum started cooking on an open fire. I was so hungry, we started eating. Afterwards we went to sleep.

The next day we went for a walk. We saw bears, mushrooms, antelopes and squirrels. Then we went back to camp. We began packing, when we finished, I said "thank you mama".
